a stranger. To know him was to love him and he will be missed by many!

“ Tony is my dad (I was fortunate enough to have two father figures in my life). The most selfless man I've ever known. You never met a stranger and always had a smile on your face. You were quite the storyteller and loved making people laugh. You brought joy to everyone around you. Always willing to help, never expecting anything in return. Your personality was infectious. I know we got off to a rocky start but I'm glad that I was able to get over myself and get know you. One of the greatest men I've ever known. Thank you for loving and taking care of our mother the way that you did. I will forever be grateful for you, your influence and the lasting impression you leave behind. Some of my favorite memories are of watching you with your grandchildren and the countless nights we spent in the boat fishing, talking and laughing until the sun came up. I'm proud to be your son and you will be forever loved and missed by all who knew you, especially me. Rest in peace.

“ When I first met Tony he and my mom were dating. When I found out they were going to marry...I went to him and said I only I one requirement, of course he asked what? Take care of my mom! And boy did he! For the last 32 years he has been as good a man to my mother and everyone else around him that he could possibly be! He treated me like his own from day one and my 3 children think the world of their Granddaddy! We love and miss your stories and jokes already. Rest in peace Tony Doss, job well done here in earth. I will see you again one day and I can't wait to listen to a 1hr story that could've ended 45 mins ago.

“ It was the fall of 1962 when Tony and I became friends. That was about 63 years ago and we remained friends through all those years although sometimes years would pass without us even seeing each other. It was a night I double dated with Tony when I met the girl I married. Tony and I both married in 1967. His friendship won't be missed because I will always be his friend.

“ Tony is my brother in law. I don't think I have ever heard him say one negative thing about anyone. He was Always SO good to me. Did so much to help me when I had no one else. I never had to ask him. If he found out I was in need no questions ask. He just showed up. I will miss him terribly, my heart is broken but with God's help all will be ok. I love you Tony, you are the best💕💕
