“ *There are so many great memories that flood my mind when I think of Granny. She made the best country breakfast every morning we were at her house, always had bottle rockets stashed somewhere and would shoot them off with us, collected enough Pepsi box tops when I was little so I could get a 5 song cd, and had fun with us on the beaches in Florida. I could list a hundred great memories of Granny. I will greatly miss our weekly conversations. Life will not be the same without her.*
