“ *Betty and I went to Hueytown High School and roomed together at St. Vincent's School of Nursing. We had sleep overs, doubled dates, out to eat parties and many long talks together. After Nursing School we went our separate ways but she has always been in my heart. I loved her and it hurts to hear of her passing, but we'll be together again. Prayers for her family and friends. “ *Betty and I worked together at Callahan Eye Hospital. She was one of the most hard working, caring nurses that I have ever known. She was passionate about her faith, her family and her profession. I count it my blessing to have known and worked with Betty.*

*I know that she is with God looking down on all and smiling.*
