“ Anytime we went somewhere she Always had to leave a hour early. Everytime we went somewhere before I could get buckle up feet in and door close I had to remind her wait a minute she'll be backing up with my feet dragging. I had to prepare for a long day. I love her and will miss her deeply! She wanted to stop at McDonald's and she bumped the car in front of her. Mother u just hit that car no I didn't yes u did the women got out of her car to look at her bumper meanwhile we're still on the subject yes u do no I didn't. I started to get out of the car she said don't get out this woman still looking and waiting us to say sorry,no damage was done left there went toward Weldons but stop got gas next to the Hueytown Police department. She parked at the first pump. She put it in drive and drove straight which is a huge hill she jumped off that hill I heard the bottom drag down the hill it turned out to be ok. Lol
