“ Joel and Bucket were friends since grammar school so He was in our house a lot and came to family functions and I can't ever remember seeing Him without a smile on his face. He was always laughing and so polite...loved Bucket, sorry He was taken so young. So sad for your loss.

“ Despite everything these passed years you will be missed i love you uncle buck. Id say my best memories of you were back when we'd go grocery shopping and you showed me how to cook almost everything i know how to make now and always encouraged i add a little something to make it my own. Thank you for the laughs and the long hugs and crying with me when something upset me nothing can replace these memories wish the passed few years were better but im glad you won't be suffering anymore.
