

DAVEY THOMAS TUCKER

August 29, 2020

Davey Thomas Tucker welcomed music into his life at an early age when he uncovered his grandmother's (Meemaw) passion for songwriting. Davey was raised by both his mother and his grandmother, which meant his life was spent living with music. Davey's passion for music began in middle school when his grandmother purchased his first clarinet from the local Wal-Mart. Soon after, he and his cousin joined Drum Corps International touring with Spirit Drum and Bugle Corps; the following season, Davey joined the seven-time World Champions, The Cavaliers, and in 2013 he aged out with the nineteen-time World Champions, The Blue Devils. Rooted deep in his family's history of music, Davey pursued the art of narrative as communicated through the language of music at the University of Alabama at Birmingham in 2011 and was later accepted to the Berklee College of Music in Boston, MA, where he began his dream career in film scoring.

Davey worked as an accomplished multi-instrumentalist and composer, exploring an embracing all path of story-telling with composition, songwriting, and performance. His critically acclaimed works include his original scores for A&E/Lifetime Network's 2016 Television series Fall Into Me, PBS Digital Studio's VR short film My Brother's Keeper, and Atlanta rapper Trouble's short biography Edgewood. He composed and prepared music for television and movies, including Family Guy, Mary Poppins Returns, Fifty Shades Freed, and Ferdinand. He has also sold out concert performances with renowned group

Pink Martini at Boston's historic Symphony Hall and Walt Disney Concert Hall in Los Angeles, California.

Davey loved spending time with family. He was very close to his mom, his aunt Marci, aunt Janna, and his cousin Ashlee. Davey enjoyed sharing videos of his family, whether they actually approved or not. Davey was a joy to be around and never met a stranger. People loved to be around him because he made you laugh and feel happy. He captured a treasure-trove of memories that will never be forgotten and will always be cherished in our hearts forever. Those we love don't go away; they walk beside us every day, unseen, unheard, but always near. Still loved, still missed, and very dear. Davey was a mentor, a friend, an inspiration, a brother, a son, a grandson. He had a contagious positivity that touched so many people's lives, and he will be missed tremendously by us all.

Davey is preceded in death by aunts and uncles Lisa Molde Bullock (John), and Matt Smith. He is survived by his mother Kristina Molde Tucker Boley (Tim); father Michael Thomas Tucker; brothers Michael Robbie Tucker, and Jeffrey David Earl Tucker (Debbie); grandparents Cheryl Vines Smith (Bill), Harold Georg Molde (Ev), Tommy Tucker (Wanda); aunts and uncles Marci Molde Wall, Janna Molde Lewis (Donnie), Wes Smith (Andrea), Pat Short, Genne Tucker, and several more; cousins Amber Lewis, Stephen Smitherman, Andrew Smith, Ashlee Lewis, Zack Davis, Billy Dixon, Chase Ezell (Allyson), Cody Dixon, Donnie Lewis II, Kylie Layton (Christian), Will Smith, Randy Earl Lewis, and more.

The visitation will be from 9:30 AM until 11:00 AM, Wednesday, September 9, 2020, at Peoples Chapel Funeral Home. The graveside service will be at 11:30 AM at Liberty Baptist Church Cemetery, Alliance, with Brother Freddy Pendley.

“ I never met Mr. Tucker, but I recently visited the Denver Art Museum, and my favorite piece was a video installation Davey did the score for, concerning the extermination of bison by the U.S. as a means of genocide against the indigenous of this country. It took everything I had to not sob there and then, but the emotion his music stirred up created a raw bond between myself and my new friend who accompanied me. We held each other's hands through the rest of the museum without needing to verbally acknowledge what Mr. Tucker's music so beautifully said: we are all one, and need to light each other's candles, not hide them away. Thank you, Davey.

“ I'm sure I'm one of so many people who wished they could've spent so much more time with you but really cherished what we did get to share. When I was lucky to work on some of your music you immediately shifted from just a peer to a role model and an inspiration: you always had such a genuine kindness, radiance, and good humor about you even in occasionally tense working environments, which not only made you a joy and honor to work with but also made your incredible intelligence and ability seem approachable. You were one of the most talented and brilliant people I've ever known but never intimidating or condescending, always just sweet and open and generous. I wish I'd kept in more frequent touch after school but I saw everything incredible you were accomplishing through social media and it made the world feel more righteous and good to me, like I couldn't think of someone more deserving of success and it felt like at least something was going right in the world that your greatness was being recognized.

You have so many people who will carry you with them forever, thank you for letting me in your life.

“ Davey was one of the best friends I had ever had. We went to school together in Boston and lived together in Los Angeles. He was loved by so many because of his welcoming personality and positive/uplifting energy. Davey had influenced me so much as a musician, composer and human being. He was an inspiration and there are so many people that were positively changed because of Davey.

“ Davey was my student in the Film Scoring Dept. at Berklee. He was an absolute joy to have in class, was always upbeat and full of positive energy. His infectious smile and wonderful personality just made everyone around him better. My heart goes out to all who knew him, and I send my sincerest sympathies to the family. Eric Reasoner, Film Scoring Professor

“ Kris was the first of my friends to have a baby and we treated him like a little baby doll. Bathing him, changing his clothes and spoiling him so much and of course singing and dancing with him. He taught me how to dream big and follow your passion and laugh long at hard (at yourself mostly). How to have fun and love life to the fullest! What a loss this is to the world and his family and friends. It doesn't seem real.

“ *Davey was one of the warmest and most talented young composers I've been lucky enough to teach, when he was a student in the Film Scoring Department at Berklee College of Music. I last had lunch with him about this time 2 summers ago when he came back from LA to visit Boston, and as always he brimmed with hope, energy, and positivity. His light, though cut off too early, has made the world a brighter place.*
