“ Just found out that Delene had passed away. I worked at Central Bank with her. She was a wonderful lady and was well thought of by everyone who knew her.

Once, she got her husband to do a survey of our house, while it was under construction, to determine things that needed attention. He was nice enough to do this & give us some good advice and would not take any payment.

I am so very thankful to have known Delene and her husband. I will be praying for her family.
