If you needed to talk, she would always listen. Her faith was solid. She would remind you to keep trusting and believing. She loved to have fun, and her adventurous spirit was contagious. Her parties were the best.

She made sure the whole family had plenty of opportunities to just be together. She found so many reasons to celebrate life. She found the beauty and joy in the smallest moments." – Miriam Brown

“ *I worked with Diane for a short time before she left the sheriff office. She always had a good thought to pass on and started each day by saying it was going to be a good day and with her around, most of the time it was. she was so sweet and helped all who needed it. Will miss you girl.*

“ *Diane was an awesome lady. I only had the pleasure of being around her briefly. I was her trainer at Fitness 1440. She was a real go-getter. We would talk about her bowling. I loved this lady! Many prayers and sincerest condolences to the family .*
