“ Bought our first home across from Mr Poole and His Family.. There was never a day that went by that we did not fellowship in some kind of way!  
We watched Games together.. We did projects together.. We ate Watermelon & BBQ on Holidays.. Mr Poole would even drive me to the bus stop & pick me up on the spot if needed! My family and I merged into the Poole Family without hesitation..and we accepted them in our Family just the same..even Hyatt (Dog) would go over and check on them at least once a day! We miss them daily..it's not a day I don't look across the street and expect to see him outside doing something!! Truly been a Blessing in our lives to have known them all these Years!
