“ *My sweetest memory of Kathy is from just a year ago. We were at the cemetery for my precious cousin who is buried close to my son. My son's picture is on his headstone. I was standing there thinking about him and getting ready to leave and Kathy walked up to me. She gave me the warmest caring hug. One of those where she held me for an extra minute and whispered to me how beautiful my son was. We talked about church and that she missed seeing me. We talked about life and how hard it can be when we get discouraged. She told me she loved me and thought about me often and would always have a seat next to her for me. How I wish I had went and sat with her. She was an example that I looked up to. I told that on this day but I don't think she realized how much I truly meant it. All my prayers for her sweet family. I'll always remember her kind words of love and encouragement.*

“ *My friend Edna and I had our babies at the same time Kathy and Judi and Pete were born at the same time. Kathy was always one of my "kids". She always was so sweet to me and when Her Mom was gone she always gave me a hug and told me I was her "mom" She will never know how much that meant to me. Love and miss you my little girl.*
