“ I met The Raymond's around 1978.. our lives became entwined through our 1st born girls & later they moved to Guin & enrolled their children at Liberty Christian Academy. We spent many hours at the gym together watching our children play sports & cheer. Fred drove faithfully to & from Ensley to work .. providing for his family. FAITHFUL would be a word to describe Fred.. faithful husband/father/Christian. My family is better for knowing this family.

“ Delilah, Words will never be enough to express the sorrow I felt when I learned of Fred's passing. I only knew him through Tom's story and how he met Fred and all of you. This is not just a story but a life of one of the best men and how it shaped my son into another of the best men I will ever know. Thank you, Fred. Fred has always been where he is supposed to be.

“ I met Bro. Fred some 32-33 years ago. He was serving as youth pastor at Piney Grove FWB. My family had just started attending church there. I didn't know Bro Fred at the time. However He came to me one day with the greatest news a father could hear. He told me that my daughter of 6 year old had ask Jesus into here heart. He continued to mold these kids for many more years. I am very thankful for his service. Bro. Fred and I became friends and as most people know he was a great fisherman of not only men. But fish as well. Bro Fred called one morning,invited me fishing which I gladly accepted. Being a new convert myself. It was good to spend time with men like him. But on this day. I'll just say. I understood his love for fishing. It was so cold ice was freezing in our rod eyes and the line spool. But we were catching fish. Big fish, all bass. Many of which were big spots. We were shaking more than the fish. I'm thinking,we've got a purdy good bag. We're probably about to get out of this. When Bro.Fred said. "If you will,I'm gonna take you to the ramp and you can run up to the store and get us all the coffee they have made. We can't stop with em biting like this. Came back with 4 large styrofoam cups of coffee. It was so cold only the first few sips were hot. I'll never forget Bro Fred laughing at me trying to drink that hot coffee shaking so badly I couldn't keep it in the cup. Anyone would had to saw that bag of fish to understand that trips worth. I will never forget Bro Fred or his family. I'm so sorry for your loss and praying for all of you. Heaven gained a great man. Thank you Bro Fred and family for the friendship and Godly direction you shared with me. Tony Porter

*I dont even know where to begin. It still feels like it isn't true. I've had the privilege to have known Fred (Fast Freddy) and his family since I was 9 years old over 50 years. Going to church at Anderson and then being a babysitter for the kids was the joy of my life. Then as years passed we grew our separate ways but then paths crossed again after buying property to build our house. Bubba and I found the perfect lot we called about it and was told someone had just bought it. So we go on down the road to find another property which was no where good as the one they got but we started building as well as them still not knowing it was them. Then as time went by we would go on many trips to the beach and mountains together. My 2 boys were both saved through us being at the beach with Fred and Delilah and Stephanie was saved in the mountains. We always had church no matter where we went with them. Fred was always doing his work that he was called to do. With Stephanie being deaf Fred was concerned about her knowing the Lord and wanted to make sure of it. So we wrote on paper towels to her everything he was saying so she would understand. She accepted Jesus in her heart in the foothills of Tennessee. I recently found the notes that we wrote to her. It brought tears of joy to my eyes. Then the many picnics we would go on in the mountains. We gave Fred the name Fast Freddy because this one time we were in the mountains going to Caves Cove and we found the perfect spot along side the creek. Well Fred got out went to back made him a sandwich and was down walking in the creek barefooted with his pants rolled up grinning ear to ear saying ok I'm ready to go and we had not even made it out of the car yet. So the his name became Fast Freddy. I have many many stories the racing trips we went on and the memories that we have made will always be with us. Fred thank you for all the special ,the funny times and the love you showed our family and especially showing my kids the way to God. The lives you have touched is many. You will forever be in our hearts. Until we meet again . We love you Fast Freddy!*
