“ *Mr J lived across the street from my family and has since 1976 when we built the family home. He and Mrs Danni are like family to us. Much wonderful advice given by them both over the years. Mr J unlocked my car keys inside many times when I was a teen. Mrs J calmed me as a new mother with her experience. Her homemade bread still hot from the oven! Such a treat!! Mr J tending his yard and garden always a smile to give. I love them both so much. He's in heaven and her living with family, now that spring is coming I look over and reminisce about them more than ever. His back yard chair under the tree is gone , but I still see him there in his hat waving. The best people I've ever known. Love until we meet again, Laura and family*
