“ *My paw paw was a very good man. He had a lot of love in his heart and didn't mind sharing it with anyone he came across. He lived a very good long life and tried his best to do what was right. I learned a lot from him when I was around him and taught me how to be conservative and be hard working. He will be missed by many people and will always be in all of our hearts and memories. Good by paw paw and keep everyone straight up there in heaven.*
