“ I will be forever grateful for the time I have had with my dad. I am the youngest of his children and his only daughter. We had a bond that was very strong and beautiful. Even though I am 35 years old there's not a day that went by that he did not call me at least three times a day and I enjoyed every minute of it. He would call everyday just to check on me and the grandchildren and just to tell us he loved us. He loved when he got to see his grandchildren it made him so happy. I will treasure all the moments and memories I've had with him and I will forever miss him. My husband Garrett is a big Auburn fan and my dad was a big Alabama fan and he used to always call and mess with Garrett when it came to the football games and I know we will miss that. If I was upset my dad always had a way to make me feel better for anyone that knew my dad they knew he was a big jokester and just like to have fun I am going to miss having that in my life but our memories will last a lifetime. I will love you always and miss you forever Dad. Love your daughter,  
Amy

“ My dad was a great man. We were very close even though I'm 35 he still would call me three times a day for us to talk. I am the youngest of his kids and his only daughter so we shared a special bond that I will forever be grateful for. He truly did love his grandkids he would call every day checking on them or just to tell us he loved us. Words can not explain how much it meant to me the bond that we had created in the time that we had. I am forever grateful he was my dad. I wish we would have had more time together especially for his grandchildren. I miss you terribly and love you so much DAD. Love your daughter, Amy

“ Big Mike or Mikie is how he was known to me. We were married for 4 years and have an absolutely wonderful and funny son who loved his dad. He got his sense of humor honestly from his dad. He will surely be missed by all who knew him. Rest in Peace Mike and prayers for the entire family especially his Mom Joyce.
