“ What can I say about Johnny Ray that could even come close to being good enough to describe him. A memory, are you kidding me, this man and my uncle Hawk were Family, which made him my family. Would go a thousand miles out of his way to help anyone he cared about. One of the funniest people I've ever known, would keep the whole place in stitches laughing no matter how big or small. But don't cross him up, he could get to that place in a heartbeat too, and he didn't play games when shit got sideways. Damn, I can't believe this. Gonna miss you man , Ride them Golden Streets free of this world and tell Hawk I love him, R.I.P. Johnny Ray, I Love You Brother
