“ Girl we have been friends for so long I have so many memories but I guess our friendship started because of a little blonde boy. I kept Shaun for you while you worked. It was love at first sight. You, your family Jeff and I loved that boy so much. You and I were as close as sisters. Even if life took us in different directions we always managed to keep in touch. I'm going to miss you my friend. Give our boy a hug for me Tell your mom hello. Give my mom a hug too. I love you girl. Until I see you again. Save my place.
