“ Some of my fondest memories of Aunt Mim was so long ago when some of the family would go to Panama City during the summer. There was Uncle Ken, Aunt Fran, Uncle Bill and the cousins. Aunt Mim was always so out going and personable. She was so much fun to be around and always interested in where you were in life. She and Mother came to Mobile when my Daughter, Christy was born, just to help out. She was close to many of the family. She came to hear Dad preach one Easter when he had not been long ordained. She was a wonderful person and helped to make childhood a magical experience.
