“ *Mary Jo has been a big part of what made the community of Bayview special...Her and my Mom, Helen Youngman was best of friends...they are sharing so much now again...We have loved Mama Jo and her family like are very own...too many stories to share on limited space..but everyone of them would warm your heart and make you smile...separations are temporary but still so painful when we have a personal relationship with the LORD ...in this different season we are all in now some of my sweetest memories were made at Becky's house during the time she has took care of Wayne and Mama Jo. before their passing..God bless this precious family...*
