“ *I wish to convey my condolences to all of the family. My heart goes out to you at this time of sadness and loss. Mike and I started out in this world together as our fathers served in the Army and our families shared a duplex apartment when we were babies. We visited throughout our early years. Mike got in touch with me in April of last year and we exchanged emails, phone calls and even Skyped. He became my dearest friend. I will always cherish the time we shared. He began his life with me and ended his life with me. God is so good and His timing is perfect.*
