“ Let me just say, knowing Penny and having her in my life was filled with amazing memories and laughter beyond this world. She was so full of life and loved all that she knew. I always told her she reminded me of " Lucy ". Thus she was forever my Lucy. I am going to miss her dearly, she was like a second mother to me, since she had been in my life since I was tiny she quickly became family to us. We were in such shock when we found out she had a heart attack and later on receiving the news that she had passed. We hope that her family and all that love her find peace in knowing she's in a better place. But I can't help but to feel selfish because I want her here. But she will feel our love for love is the only constant, the only unbreakable thing, the thing that echoes through time and space. We love you Penny and will miss and love you always. I hope you have a great Christmas with all your loved ones were you are.
