“ *Fond memories of Phil Weaver. My wife and I had the good fortune of knowing him for a brief period of time. But we knew he was a special guy. I thank him for his advice on woodworking and showing and mentoring me at his newly remodeled workshop in Hueytown.*

“ *Phil Weaver was a man that was turf, gruff and had a very caring and sensitive side. We spent many hours watching Alabama Football together. When we couldn't watch the game together, we would text messages back and forth until the very end. Phil was like the father to me that I really never had. I will always remember him showing me his secrets to making his special home made wine. It was so good that he should have bottled and sold it. He was also amazing at making real wood crafted furniture from the beginning to end. I have a few pieces that I will admire forever. Even though he's now in Heaven, I will always hold my "POPS" near and dear to my heart ! ...Alan Sumerel*
