“ I will always remember Rex and his wonderful fro. Such a good guy and had the pleasure to work with him a few times. Of course Solon and Rex worked hand in hand many days and we are sad to have lost him. Rest in peace friend. Solon and Alison

“ Rex and I grew up near each other, started first grade together at Greenwood School. We hung out some, fought some but always were friends. In recent years we remained in regular contact discussing lawnmowers, junk business, hustling side work for extra money, old friends and acquaintances, and especially how retired life was treating us. Will miss you, rest in peace brother. Brett Cooley
