“ Dickie was such a gentle soul! He and my husband worked together quite a bit. Here's one of my favorite photos of them. They were doing a tour together and Dickie brought Bugzee to see me while I was still living with my parents. That's my mom peeking thru!

“ I remember Dickie from the river, JD & Martha lived next door to me, he and Amy used to visit all the time. He was rather Quiet and laid back, but if you needed a friend he was always there, my son Josh & I really loved to see them come around. He and Amy both are and were fun to be around! Love you, Lady!
