“ *It's now December and the pain I feel from loosing is still so real. I have sat in this house we shared today and listened to motorcycles going by. I couldn't help but think how much you loved riding and just being in the wind. I miss riding behind you, squeezing you tight. I am really having a hard time. I can't stop thinking about you. You were THE LOVE OF MY LIFE! I love you sweetheart till we meet again.....*

“ *So many emotions the last 2 weeks. I don't even know where to start ~ that sweet smile is missed by so many. Eddie and I have called out for you so many times needing your help or just to ask you a question, you are our brother and we knew that if we needed anything, you would be there! We all smile when we are talking about you and the memories over the last 5 years. There is no more pain for you and we are so thankful for that! Hope is hurting and missing you so bad... We promise to be there for her. Love you and can't wait till we see you again!*

“ I loved the way you would laugh so hard that you could barely make a sound except a little squeak. It makes me smile thinking about you. You were such a joy just to be around. Your presence is so missed. I loved the way you loved Hope. I loved the way you loved my family. I knew that I had a brother that would be there for me 24/7. Know that every single time I think of you I smile. I promise to watch out after Hope until we get up there with you! I love you!

“ Tomorrow is my birthday and Friday would have been our wedding anniversary. The day after that would have been our baptism anniversary. I know I should be happy that you are dancing with Jesus right now, but instead I feel so alone. Because the one person I wanted to celebrate with is gone. Oh how I miss my husband.

*With the deepest love, your wife

“ I was just sitting here thinking of you. I have been doing alot of thinking of you. I know that I will see you again, but I want to be with you now. I am so lost without you. I know that God has a plan for us all, but it is still so hard to be here without you. I love you.....
