“ Will never forget his humor and how he brought a laugh and smile in almost every conversation. Countless Cracker Barrel trips, where he taught us ‘Black Magic’. (He would get the peg solitaire game down to a single peg every time)

His attitude regarding life and happiness will be greatly missed. I feel very blessed to have known him.

Love,

“ Ronnie always had a joke or a great story to share. A friend to many, and his electronic expertise was second to none. If I had a project or invention I needed advice on, his advice was always very helpful. He will be missed by all..
