“ I have so many memories. We met at Red Cross working together. She and Kenneth were part of what we called the Red Cross gang. For years seven couples went to Gatlinburg every year on Super Bowl weekend. She and Kenneth always cooked breakfast. She went with me, Rita Lawson, and Tammy Wilkerson to Gulf Shores for a girls weekend. Always fun with her. I talked with her on the phone every couple of weeks. I am going to miss all our times together. A lot of those would just be my husband, me, Suzanne, and Kenneth. She will never be replaced in our lives. RIP, I love you!

“ I knew Ms. Suzanne long enough to know she was definitely one of the greatest people I could have ever known. She was a hoot to hang out with. Greatest friend to nap with. I will surely miss my friend. I love you Suzanne.

“ I will always remember the Seraphim Angel figurines (I hope I remember the name correctly) you introduced me to. They were all in your curio cabinet and you could tell me every one of their names. I would love to smell your kitchen when you were baking your cakes ! You were always the “COOL” mom when our kids were growing up. I loved the way you would get so tickled you would snort (in a good way) when you were telling a funny story, that would get me tickled and you would forget what story you were telling. We were in Sunday School class together and always had a fun time. I've known you for 35 years and I have so many memories of you .... all good ! I love you girlfriend .... keep my place warm for me, I'll be there soon !!!
