“ I definitely send my deepest condolences to you all!! I love you all & miss getting to see you all. I have so many wonderful memories with this very special lady... But some that stick out the most are from my youth when she took us cousins- skating, to Cherokee Beach, and all the cool stuff she did for us youngins. And just getting to spend time with her & all of you. Other memories as I was older are things I'll hold dear between me & her. Thank you Larry for always being her rock! She's always been there for me & there's just not enough space here for all my words.. so I will simply say that I'll miss you dearly until we meet again! I'm glad you have peace & no more hard times.... I know my mom also thought the world of you & to know you two are together again-- look out lol... Love you more than I can express!!!
