“ *My deepest sympathies go to the family and friends of Todd. His incredible spirit, positive attitude and witty humor made him a joy to be around. What I will always remember most is the smile he brought to others as they saw him coming, knowing that just having him near them would make their day better.*
One day Todd apologized for taking every call that came in, as he excused himself to answer another call. I wish I had told him at that moment the admiration I had for him, because he let everyone in his life know they were important to him by the time he gave them.
Todd you are an incredible person, son, friend and father..., our loss is Heavens gain.
