“ Tracy was one of the bravest persons I ever met. She suffered dozens of surgeries throughout her life and always spoke words of faith over healing and believing in good health. Tracy never complained ever about life’s difficulties. She had a sweet child like spirit that would make me want to be a better person every time I spent time with her. You have that new bladder now Tracy that you were always believing for and I know you are whole and happy as ever. For Tracy’s parents, son, son’s father and husband, I know Tracy touched your life with so much love and Tracy will be greatly missed. Praying for all, I’m so sorry for your loss.
