“ I will always remember Vic Gullede and the good times we had at Pumpkin Center Baptist Church ! He did love music and loved hollering out before we started singing - “ I love Jesus , YES I DO ! I love Jesus, How bout YOU ?? ( He would point his finger out to the congregation asking that question). And we (congregation) would holler response back saying the same question!! (Pointing our fingers at him) . Then it was back and forth sometimes !!!! I loved it !!!! He made singing and praising The Lord fun !!!! - Janet Morris.
